

Aurum

**Aurum's** name is derived from the periodic table's 79th element and means 'gold'. The brand is inspired by 'golden' friendships, and its garments encourage a life full of strength, love, confidence, kindness and mindfulness. The brand uses a 2-ply fabric that is incredibly comfortable, figure-flattering and, most importantly, keeps the wearer dry. The pieces are designed to transition from gym to day-to-day activities effortlessly.
