

## DIOR, COUTURIER DU RÊVE

The largest fashion exhibition ever to be held in Paris celebrates the House of **Dior**. Over 300 haute couture gowns created between 1947 and the present day bring the 70-year history of the label to life, starting with its founding couturier, Christian Dior, before moving on to his successors: Yves Saint Laurent, Marc Bohan, Gianfranco Ferré, John Galiano, Raf Simons and Maria Grazia Chiuri. Accessories, fragrances, photographs, illustrations and campaign images are showcased over a total of more than 32,000 sq ft, with most exhibits being shown together for the very first time. Dior's designs are displayed in themed spaces, where they interact with selected paintings, furniture and objets d'art so that visitors can get a sense of how the fine arts inspired the legendary designer.

## COTERIE

**Coterie**, the leading womenswear trade show in the US, will be developing categories over and above its traditional fashion selection. Show Director Danielle Licata wants to introduce visiting retailers to beauty, apothecary, home and gift items. The move is timely, as concept stores that need extra revenue generators outside their fashion offerings are increasingly interested in non-fashion categories. The show further focuses on creating a pleasant environment for its visiting VIP buyers by providing a complimentary car service to the show within Manhattan, private dining in the VIP Café, a special check-in service and welcome gifts. Key brands to look forward to are **Mother**, **Mes Demoiselles Paris**, **Tommy Mitchell**, **Furla**, **Phat Buddha** and **MDS Stripes**.
